1. Overall Needs Assessment by Population (Required)

Please explain why or how the overall needs have changed and the results from those changes.

a) Indicate how the level of unmet **mental health service needs**, in general, has changed over the past year: Improved Stayed the Same Worsened

Please Explain:

Access to children's acute care beds has decreased as demand increases. Within the past year regional children and adolescent units have closed while concurrently, Elmira Psychiatric Center continues to slowly close beds.

The state budget proposes to close 140 state operated residential beds and replace them with 280 supported housing beds. Unfortunately, these additional supported housing beds do not support the level of care needed. This is a concern for our local community as this level of care is needed in our community. We do not believe that supported housing, even with wrap around services, will provide the level of care needed for some of our community members.

Access to psychiatric care in our community continues to be a challenge. Our County Mental Health Clinic does not have enough psychiatric providers to meet the need. Finding and retaining qualified, licensed mental health and psychiatric staff in our rural community continues to be a challenge. Rural communities such as ours, struggle to find staff, let alone provide competitive wages to retain them. Our County Jail also struggles with provision of psychiatric services.

b) Indicate how the level of unmet **substance use disorder (SUD) needs**, in general, has changed over the past year: Improved Stayed the Same Worsened

Please Explain:

New regulations impacting Buprenorphine Waiver regulations have resulted in improved access to Buprenorphine. Our Medical Director can now prescribe to 275 patients. Employment opportunities in our county have improved with the opening of the Del Lago Casino. Additionally, as a result of Seneca County's MOU with Del Lago, the Addictions Clinic has been able to hire 2 full time Gambling Specialists, one for prevention and one for treatment. The Addictions Clinic received a Waiver from OASAS to provide Gambling Only services. Continued monitoring and evaluation of these new services is necessary.

While we have seen some improvements in high need areas, opioid use and resulting consequences including arrests and overdose, continue to be a growing concern in Seneca County. The Addictions Clinic experienced a 53% increase in reported use of heroin and synthetic opiates among those admitted into service. Additionally, utilization of detox services reported at admission increased by 77%. While access to MAT has improved in outpatient settings, access to detox and stabilization beds has not improved.

c) Indicate how the level of unmet needs of the **developmentally disabled** population, in general, has changed in the past year: Improved Stayed the Same Worsened

Please Explain:

There have been some improvements to Front Door Access and utilization of START Programming reported by OPWDD service providers in Seneca County resulting in reported improvements to both access and crisis management.

We continue to evaluate the impact of managed care implementation on the DD population in Seneca County, however are highly concerned about the potential impact of Medicaid Service Coordination dismantlement.

2. Goals Based On Local Needs

Issue Category	Applicable State Agenc(ies)		
	OASAS	OMH	OPWDD
a) Housing	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b) Transportation	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

t) Developmental Disability Student/Transition Services	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

- u) Developmental Disability Respite Services
- v) Developmental Disability Family Supports
- w) Developmental Disability Self-Directed Services
- x) Autism Services
- y) Developmental Disability Person Centered Planning
- z) Developmental Disability Residential Services
- aa) Developmental Disability Front Door
- ab) Developmental Disability Service Coordination
- ac) Other Need (Specify in Background Information)

2a. Housing - Background Information

Housing for those battling addiction continues to be a priority need as more individuals with opioid use disorders return to our community following inpatient and detox stays. While OASAS approved Finger Lakes Addiction Counseling and Referral Agency has opened new housing opportunities in Seneca County, these beds are integrated with affordable housing beds and were quickly filled once operational in 2016. Additional supported housing units and affordable housing opportunities for those battling SUD are needed in light of Seneca County's growing opioid problem.

Access to affordable housing for those challenged by mental illness is also a significant issue in our county. Long waiting lists exist for Supported Housing beds.

Do you have a Goal related to addressing this need? Yes No

Goal Statement- Is this Goal a priority goal (Maximum 5 Objectives per goal)? Yes No

Develop new housing initiatives in conjunction with community based organizations for those with substance use disorders and mental illness.

Objective Statement

Objective 1: Work with FLACRA on development of new housing initiatives that will provide affordable housing access to those in Seneca County struggling with SUD.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 2: Work with Lakeview Mental Health on development of new housing initiatives that will provide affordable housing access to those in our community struggling with mental illness.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Change Over Past 12 Months (Optional)

2c. Crisis Services - Background Information

Seneca County is unfortunately in sync with the rest of the state in regards to the increased use of opiates in our community. Our County Clinic has seen a 53.55% increase in opioid admission since 2015. Additionally new admission in 2016 reported a 66% increase in use of detox services. Our Community has no access to 24/7 addiction crisis services. There are only 22 detox beds in the Finger Lakes region and FLACRA ACC currently reports up to 3 weeks waiting period for female bed and 4-7 days for male beds.

Do you have a Goal related to addressing this need? Yes No

Goal Statement- Is this Goal a priority goal (Maximum 5 Objectives per goal)? Yes No

Increase access to crisis services for Seneca County residents diagnosed with a behavioral health disorder.

Objective Statement

Objective 1: Seneca County will participate in the proposed 24/7 Crisis Center planning and implementation process.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 2: Seneca County Addictions program will provide staffing support to the proposed 24/7 Crisis Center.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 3: Seneca County will provide full support to FLACRA's RFP for an additional 25 stabilization/rehabilitation beds.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 4: LGU will work with Lakeview Mental Health to develop a crisis bed available to Seneca County residents with SUD or mental illness diagnosis experiencing a behavioral health crisis or needing transitional housing after release from jail.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Change Over Past 12 Months (Optional)

2d. Workforce Recruitment and Retention (service system) - Background Information

Workforce recruitment and retention continues to be an issue for rural counties attempting to staff both mental health and SUD services. Seneca County in particular struggles with recruitment and retention due to low county wages. Recruitment of psychiatric providers also continues to be a struggle for our rural community. We have no private psychiatrists or psychiatric nurse practitioners in our county. Access to psychiatric care exists only with the County and State clinics who share a psychiatrist.

Do you have a Goal related to addressing this need? Yes No

Goal Statement- Is this Goal a priority goal (Maximum 5 Objectives per goal)? Yes No

We will improve recruitment and retention of staff in both mental health and SUD services.

Objective Statement

Objective 1: We will continue to work with our County Legislator to bring wage parity to Seneca County.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 2: We will develop a recruitment strategy in collaboration with County HR and IT departments.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 3: We will appropriately increase contract amounts to reflect governor's increase in direct care wages.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Change Over Past 12 Months (Optional)

2e. Employment/ Job Opportunities (clients) - Background Information

At present, the current delivery of Employment Services for those with MH, DD and SUD in Seneca County is fragmented and there is increasing emphasis from our clients on obtaining the highest level of employment they can attain. As such, there are opportunities for improvement in the various OPWDD, OMH and OASAS vocational program/services (and Access-VR) that operate within Seneca County, to increase the number of clients utilizing these services and the number who obtain competitive employment.

Do you have a Goal related to addressing this need? Yes No

Goal Statement- Is this Goal a priority goal (Maximum 5 Objectives per goal)? Yes No

Improve employment opportunities for Seneca County residents with MH, SUD and DD.

Objective Statement

Objective 1: LGU will ensure efficacy of all contracted agencies (who are listed as a NYESS provider) who provide vocational services for Seneca County residents with MH, SUD and/or DD via examination of provider data on the NYESS system.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 2: CSD OPWDD Subcommittee will monitor OPWDD employment plans and how they are operationalized in Seneca County.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 3: LGU will develop a tracking mechanism for identification of employment status of recipients of SUD and MH outpatient services as well as the outcome of treatment interventions to improve employment status.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Change Over Past 12 Months (Optional)

2f. Prevention - Background Information

While the Mental Health field has not typically embraced the concept of "prevention", the county has some mental illness prevention initiatives. However, Seneca & Tompkins County Early Recognition and Screening Grant has concluded and it is vital that we continue in these efforts despite no longer having specific funding to support these efforts. Mental Health screening is not currently being administered with most non-behavioral health providers in the county. Delivering MH screenings in probation, CPS, DHS and primary care settings would increase the likelihood of earlier detection and therefore treatment.

Do you have a Goal related to addressing this need? Yes No

Goal Statement- Is this Goal a priority goal (Maximum 5 Objectives per goal)? Yes No

Improve early detection and intervention services to children in Seneca County.

Objective Statement

Objective 1: LGU in collaboratin with Systems of Care will engage with alternative non-formal providers of mental health care to facilitate implementation of early screening tools.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 2: LGU will monitor progress of Systems of Care Initiatives in Seneca County.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 3: LGU will work with Seneca County's Children's Services Coordinator to monitor early intervention initiatives as well as provision of services to children in Seneca County.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 4: LGU will work with Systems of Care and Children's Services Coordinator to develop a Mental Health community outreach and support campaign in Seneca County.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Change Over Past 12 Months (Optional)

2h. Recovery and Support Services - Background Information

SUD Recovery Support Services are not currently realized in Seneca County. The county would do well to develop Recovery Support services (in addition to the usual 12-step programs offered in the County) as there is strong evidence that these services, which assist people in navigation and ultimately engagement into

system of care, are effective in removing barriers to recovery, helping people stay engaged in the recovery process in order to live fulfilling lives in their communities (SAHMSA). Additionally, while the county has a very active social club, it has not embraced recovery support activities.

Do you have a Goal related to addressing this need? Yes No

Goal Statement- Is this Goal a priority goal (Maximum 5 Objectives per goal)? Yes No

Seneca County will develop an array of SUD and Mental Health Recovery Support Services.

Objective Statement

Objective 1: Seneca County Addictions Program will sponsor individuals to complete OASAS Recovery Support Specialist Training

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 2: Seneca County Addictions Program will utilize Peer Specialists for provision of peer services in the community and in the clinic setting.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 3: Seneca County will engage with FLACRA for provision of their Peer Navigator services in Seneca County.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 4: LGU will facilitate development of recovery support services at the Seneca Connections Drop in Center.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 5: LGU will work to support peer workers at the Drop in Center participating in the Academy of Peer Services trainings.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Change Over Past 12 Months (Optional)

2k. SUD Residential Treatment Services - Background Information

Access to residential treatment services is limited for our community members. The only providers of SUD Residential Treatment in our region have long waiting lists to access beds. Access to beds can take months. Demands for residential SUD beds have increased in our community due to the growing heroin/opioid problem.

Do you have a Goal related to addressing this need? Yes No

Goal Statement- Is this Goal a priority goal (Maximum 5 Objectives per goal)? Yes No

Seneca County will collaborate with regional OASAS licensed community based organizations to increase the number of available OASAS licensed residential beds.

Objective Statement

Objective 1: Seneca County will provide support to Finger Lakes Addiction Counseling and Referral Agency's RFP to add 25 stabilization/rehabilitation beds in our region.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Change Over Past 12 Months (Optional)

2l. Heroin and Opioid Programs and Services - Background Information

As the OASAS provider agency planning survey indicates, opioid use is on the rise in Seneca County. We are fortunate to have ample access to suboxone and vivitrol through our addictions clinic as a result of the new waiver lifting the buprenorphine CAP. However, our community does not have easy access to Methadone with the nearest clinics being in Rochester or Syracuse. We need to evaluate community options for increasing effective services to this population, including increasing access to Methadone and implementation of Ancillary Withdrawal Services.

Currently Dick Van Dyke is the only provider of Community Narcan Training. The County Public Health Department trains first responders however our community would benefit from expanding Narcan training opportunities.

Do you have a Goal related to addressing this need? Yes No

Goal Statement- Is this Goal a priority goal (Maximum 5 Objectives per goal)? Yes No

Enhance the variety of services in Seneca County with the goal of engaging more individuals into SUD treatment and decreasing deaths due to opioid overdose.

Objective Statement

Objective 1: We will work with regional providers seeking to expand access to Methodone in the Finger Lakes Region.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 2: Explore implementation of Ancillary Withdrawal Services out of our County Addictions Clinic.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 3: Explore expansion of Narcan training to Seneca County Residents.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 4: Implement Sequential Intercept Mapping in Seneca County.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Change Over Past 12 Months (Optional)

2n. Mental Health Clinic - Background Information

Access to psychiatric care is limited in our County. The State and County Clinics are the only providers of psychiatry in the County and they share one psychiatrist. While access to clinic services is timely, access to psychiatric evaluations and medication therapies continues to present as challenging with limited psychiatry time available to the clinic.

Do you have a Goal related to addressing this need? Yes No

Goal Statement- Is this Goal a priority goal (Maximum 5 Objectives per goal)? Yes No

Increase Seneca County residents access to psychiatric services.

Objective Statement

Objective 1: LGU will collaborate with Wayne, Ontario and Yates County DCS's to hire a psychiatric nurse practitioner utilizing funds available through The Souther Tier Transformation Plan.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 2: LGU will continue to actively recruit psychiatric providers.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 3: LGU will explore use of telepsychiatry.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Change Over Past 12 Months (Optional)

2x. Autism Services - Background Information

It is unclear at this time what the prevalence of autism is in Seneca County. However, it is the belief of our OPWDD Subcommittee that access to autism services is limited and that our community would benefit from improved access to autism services. Currently Seneca/Cayuga ARC is the only community based provider of autism services in our county and those services are limited. Additionally, the OPWDD subcommittee believes that local law enforcement would greatly benefit from increased training on effective interactions with individuals with autism and developmental disabilities.

Do you have a Goal related to addressing this need? Yes No

Goal Statement- Is this Goal a priority goal (Maximum 5 Objectives per goal)? Yes No

Improve access to autism services in Seneca County and enhance law enforcement understanding of autism and DD.

Objective Statement

Objective 1: Collaborate with Seneca/ Cayuga ARC to provide formal, routinized training to County law enforcement agencies.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 2: Working with local school districts CSE and I/DD providers, the LGU will collect data and formulat prevalence estimates on Autism in Seneca County to establish current and unmet service needs.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 3: Utilizing prevalence data, LGU will review local I/DD service system utilization and capacity to determine service adequacy to meet demand.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Change Over Past 12 Months (Optional)

3. Goals Based On State Initiatives

State Initiative	Applicable State Agenc(ies)		
	OASAS	OMH	OPWDD
a) Medicaid Redesign	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b) Delivery System Reform Incentive Payment (DSRIP) Program	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Regional Planning Consortiums (RPCs)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
d) NYS Department of Health Prevention Agenda	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

3b. Delivery System Reform Incentive Payment (DSRIP) Program - Background Information

There exists a need to fully operationalize the two main DSRIP behavioral health projects (integration of behavioral health and primary care and crisis stabilization).

Do you have a Goal related to addressing this need? Yes No

Goal Statement- Is this Goal a priority goal? Yes No

Seneca County will participate in the FLPPS Regional Crisis Stabilization project and will explore co location of SUD services in primary care setting in our County in order to improve the health of those residents with SUD and/or mental illness and to decrease preventable hospitalizations and ED visits.

Objective Statement

Objective 1: Seneca County DCS will continue participation in FLPPS crisis stabilization project.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 2: Seneca County DCS will reach out to Finger Lakes Community Health and propose implementation of co located SUD staff in Ovid Clinic.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 3: Seneca County Addictions and Mental Health Clinics will explore utilization of screening tools that measure PQI indicators.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 4: LGU will measure data related to preventable hospitalizations and ED visits among Seneca County residents with behavioral health diagnosis.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Change Over Past 12 Months (Optional)

4. Other Goals (Optional)

Other Goals - Background Information

Do you have a Goal related to addressing this need? Yes No

Change Over Past 12 Months (Optional)

Office of Mental Health Agency Planning Survey
Seneca County Community Services Board (70330)
Certified: Margaret Morse (5/1/17)

Consult the LSP Guidelines for additional guidance on completing this exercise.

1. For Criminal Procedure Law 730 Chargeback Budgeting: Please indicate the department within your county that is responsible for budgeting CPL 730 restoration chargebacks.

- Mental hygiene/community services
- Sheriff/county law enforcement
- Other

If "other" please indicate how these charges are budgeted

Questions regarding the above survey item should be directed to Hank Hren at hank.hren@omh.ny.gov or 518-474-2962.

2. For Local Administration of the Assisted Outpatient Treatment Program:

- a) Please describe the system used in your locality to ensure that petitions are filed for individuals requiring Assisted Outpatient Treatment. Applicants contact the Director of Community Services. She contacts the County AOT Coordinator who completes the investigation, has ongoing communication with the DCS and upon completion, submits the final report to the DCS for review. The DCS determines if the individual meets criteria. The AOT Coordinator informs the applicant as well as the OMH Field Office Coordinator. All materials are then submitted to the County Legal Department for review and a local psychiatrist is assigned to complete an assessment and assist in the development of a treatment plan. Mental Health Treatment is provided in these cases by the Elmira Psychiatric ACT team. Legal proceeding commence at this point and if approved by the court, the SPOA Committee track and reports any deviations from the treatment plan to the AOT Coordinator and the DCS. Any deviations from the treatment plan are reported to the Western Field Office AOT Coordinator. Additionally, AOT Coordinators sends monthly reports to the Field Office Coordinator.
- b) Please describe the system used in your locality to ensure that such individuals requiring Assisted Outpatient Treatment receive the services included in the AOT treatment plan.
Updates are provided to DCS and AOT Coordinator on a monthly basis.
- c) Please list the Care Management Programs your Single Point of Access (SPOA) uses to assign AOT referrals.
Health Homes of Upstate New York is the Care Management Hub we utilize.

Downstream care management providers include: Lakeview Mental Health, Finger Lakes Area Counseling and Recovery Agency and Elmira Psychiatric Center. Questions regarding this survey item should be directed to Rebecca Briney at Rebecca.Briney@omh.ny.gov or 518-402-4233.

Thank you for participating in the 2018 Mental Hygiene Local Services Planning Process by completing this survey. Any technical questions regarding the online County Planning System, please contact the OASAS Planning Unit at 518-457-5989 or by email at oasasplanning@oasas.ny.gov

Community Service Board Roster
Seneca County Community Services Board (70330)
Certified: Margaret Morse (5/1/17)

Consult the LSP Guidelines for additional guidance on completing this exercise.

Note: There must be 15 board members (counties under 100,000 population may opt for a 9-member board). Indicate if member is a licensed physician or certified psychologist. Under item labeled "Represents", enter the name of the member's organization or enter "Consumer", "Family", "Public Representative", etc. to indicate the particular community interest being represented. Members shall serve four-year staggered terms.

2017 Mental Hygiene Local Planning Assurance
Seneca County Community Services Board (70330)
Certified: Margaret Morse (5/18/17)

Consult the LSP Guidelines for additional guidance on completing this exercise.

Pursuant to Article 41 of the Mental Hygiene Law, we assure and certify that:

Representatives of facilities of the offices of the department; directors of district developmental services offices; directors of hospital-based mental health services; directors of community mental health centers, voluntary agencies; persons and families who receive services and advocates; other providers of services have been formally invited to participate in, and provide information for, the local planning process relative to the development of the Local Services Plan;

The Community Services Board and the Subcommittees for Alcoholism and Substance Abuse, Mental Health, and Developmental Disabilities have provided advice to the Director of Community Services and have participated in the development of the Local Services Plan. The full Board and the Subcommittees have had an opportunity to review and comment on the contents of the plan and have received the completed document. Any disputes which may have arisen, as part of the local planning process regarding elements of the plan, have been or will be addressed in accordance with procedures outlined in Mental Hygiene Law Section 41.16(c);

The Community Services Board and the Subcommittees for Alcoholism and Substance Abuse, Mental Health, and Developmental Disabilities meet regularly during the year, and the Board has established bylaws for its operation, has defined the number of officers and members that will comprise a quorum, and has membership which is broadly representative of the age, sex, race, and other ethnic characteristics of the area served. The Board has established procedures to ensure that all meetings are conducted in accordance with the Open Meetings Law, which requires that meetings of public bodies be open to the general public, that advance public notice of meetings be given, and that minutes be taken of all meetings and be available to the public.

OASAS, OMH and OPWDD accept the certified 2018 Local Services Planning Assurance form in the Online County Planning System as the official LGU assurance that the above conditions have been met for the 2018 Local Services planning process.
