Q2
LGU:

Dutchess Co. Dept. of Beh & Com Health

Q3
a. Indicate how your local mental hygiene service system (i.e., mental health, substance use disorder and problem gambling, and developmental disability populations), overall, has been affected by the COVID-19 pandemic: Please specifically note, Any cross-system issues that affect more than one population; Any specific racial/ethnic groups or populations that have been disproportionately impacted by COVID-19; and Any differences between adult services and children's services.

We have seen an increase in the inquiry for 9.45 orders and a decline in inpatient admissions based on 9.45 orders. Black and Latino populations have been disproportionately affected by COVID-19. We have seen an increase in overdoses, suicides, the need for mobile crisis intervention, and homelessness. We have seen an increase in children's need for treatment due to anxiety-related disorders. For adults, we have seen an increase in police involvement that involve to MH crisis calls.

Q4
b. Indicate how your mental health service needs, overall, have been affected by the COVID-19 pandemic: Please specifically note, Any specific racial/ethnic groups or populations that have been disproportionately impacted by COVID-19; and Any differences between adult services and children's services.

Black and Latino populations have been disproportionately affected by COVID-19. For adults, we have seen an increase in MH crises/suicidal ideation and homelessness; for children, we have seen an increase in anxiety-related disorders/symptoms.
Q5

c. Indicate how your substance use disorder (SUD) and problem gambling needs, overall, have been affected by the COVID-19 pandemic: Please specifically note, Any specific racial/ethnic groups or populations that have been disproportionately impacted by COVID-19; and Any differences between adult services and children's services.

We have seen an increase in SUD, particularly in opioid-related disorders and overdoses in the adult population. We do not have data related to problem gambling needs.

Q6

d. Indicate how the needs of the developmentally disabled population, overall, have been affected by the COVID-19 pandemic: Please specifically note, Any specific racial/ethnic groups or populations that have been disproportionately impacted by COVID-19; and Any differences between adult services and children's services.

The I/DD population has been particularly isolated during COVID-19. There is no clear data related to any specific racial/ethnic groups within this population. We have noticed an increase in the accessibility of children's DD services during this time.

Q7

a. Mental Health providers

n/a

Q8

b. SUD and problem gambling service providers:

n/a

Q9

c. Developmental disability service providers:

Could use more specific training materials. We are finding and noticing a shortage of materials/trainings available, specifically related to how community crisis workers can intervene/interface with clients who present with I/DD issues.
