Update to 2024-2027 Goals and Objectives
Madison County Mental Health Department

Teisha Cook, DIrector of Community Mental Health Services
teisha.cook@madisoncounty.ny.gov

Goal 1	
Title	Madison county will have affordable and safe housing opportunities for vulnerable populations.
Update	The RFP awards related to the Opioid Funding have been awarded to 3 agencies who plan projects related to housing in Madison County. At this point they are all at various points of implementation, and we will continue to monitor the progress over the next year. This goal does include OASAS even though on this it says "undefined". On the goals and objectives form for last year that is linked, OASAS is clearly included.
OBJECTIVES	
Partnering with outside Agencies for Housing	Ongoing
Using Opioid Funding to increase Housing	Ongoing
OBJECTIVE UPDATES	

Goal 2	
Title	Improving Community understanding of crisis services
Update	The goals and objectives in this area continue to be a work in progress. Over the last year, Madison County has established their own ambulance program, and therefore, partnering with EMS around behavioral health has been delayed. The plan is to circle back to it over the coming year. This goal does include OASAS even though on this it says "undefined". On the goals and objectives form for last year that is linked, OASAS is clearly included.
OBJECTIVES	
Crisis System Mapping	Ongoing
911 Diversion	Ongoing
Partnering with Emergency Management around behavioral health crisis	Ongoing
OBJECTIVE UPDATES	

Goal 3	
Title	Accessing Behavioral Health Services
Update	Since the last plan, 1 additional school district has implemented a school satellite clinic with the LGU; one more district is planned for the upcoming school year, making 5 districts in total. The school districts that had clinics established in the 2022-2023 school year have added additional county staff to assist with referrals. This goal does include OASAS even though on this it says "undefined". On the goals and objectives form for last year that is linked, OASAS is clearly included.
OBJECTIVES	
School-Based Satellite Clinics	Ongoing
Program Development	Ongoing
OBJECTIVE UPDATES	

Goal 4	
Title	Behavioral healthcare agencies will have a stable, highly trained workforce
Update	Plan remains to complete a needs assessment related to work force. The CNY Director's Planning Group (comprised of the DCS's from Madison, Cortland, Oswego, Cayuga, Onondaga and Oneida) completed a short assessment of agency needs, and implemented a project related to recruitment and retention. This goal does include OASAS even though on this it says "undefined". On the goals and objectives form for last year that is linked, OASAS is clearly included.
OBJECTIVES	
Workforce Development Opportunities	Ongoing
Conduct Needs Assessment related to Workforce	Ongoing
OBJECTIVE UPDATES	

Goal #5	
Title	Community Education and Reducing Stigma
Update	Ongoing, projects to be identified. This goal does include OASAS even though on this it says "undefined". On the goals and objectives form for last year that is linked, OASAS is clearly included.
OBJECTIVES	
Community Wide Education Projects	Ongoing
OBJECTIVE UPDATES

2026 Update to 2024-2027 Goals and Objectives
Madison County Mental Health Department

Teisha Cook, Director of Community Services
(teisha.cook@madisoncounty.ny.gov)

Goal 1
Goal 1, 2026 Status Update: Ongoing
Goal 1, 2026 Status Update Description: As mentioned in previous years, Madison County has completed two rounds of RFP's for housing programs using Opioid Settlement Funding. Since the last local plan update, one housing provider (Chenango Court Management) has renovated several mobile homes in Hamilton, NY. These homes have been intended for families who have been impacted as a result of the opioid crisis, and several families have been placed into the homes. Ownership was turned over to them during the process. This has enhanced Madison County's ability to place families into suitable housing. Other projects with providers are also ongoing, including a Tiny Homes program that will hopefully be open in the latter part of 2025, and a Landlord Repair Fund.
Madison County intends to do another round of Housing RFP's in the beginning of 2026.

Goal 1 Objective 1, 2026 Status Update: Ongoing
Goal 1 Objective 1, 2026 Status Update Description: The LGU has several partnerships with Housing providers as a result of the Opioid Settlement RFP's. These relationships are ongoing, and will continue to grow, as a new round of RFP's is due to be released early next year.
The Madison County Public Health Department is also forming a Healthy Housing Coalition, and DCS will be involved in that process as well.

Goal 1 Objective 2, 2026 Status Update: Ongoing
Goal 1 Objective 2, 2026 Status Update Description: As mentioned above, we have completed two rounds of RFP's related to housing, and plan to do another round early next year. This RFP process has already expanded housing options in the county, so we anticipate further expansion after the next round.

Goal 2
Goal 2, 2026 Status Update: Ongoing
Goal 2, 2026 Status Update Description: The LGU continues to look for opportunities to expand community knowledge of crisis services. Madison County's ambulance program is up and running, and the Mental Health Department will partner with them as requested.

Goal 2 Objective 1, 2026 Status Update: Not started
Goal 2 Objective 1, 2026 Status Update Description: This has not been started.

Goal 2 Objective 2, 2026 Status Update: N/A
Goal 2 Objective 2, 2026 Status Update Description: An exciting update to this goal and objective is that the LGU will be partnering with the Oneida City Police Department to put a Mental Health Crisis Worker at the Department. Over the past year, we have worked with OPD to do outreach in Oneida City and it has been well received by City residents. As an offshoot of that outreach, we are creating a position that will be funded by OPD but will be an employee of the Mental Health Department. The intent is for this person to be quickly available for crisis intervention when someone is in need. The goal would be to avoid police involvement if possible, and also to divert from other higher interventions such as 911 involvement, or hospitalizations. We plan to begin recruitment for the position this summer.

Goal 2 Objective 3, 2026 Status Update: Not started
Goal 2 Objective 3, 2026 Status Update Description:

Goal 3
Goal 3, 2026 Status Update: Ongoing
Goal 3, 2026 Status Update Description: . School satellite update is below. We continue to look for other opportunities to expand.

Goal 3 Objective 1, 2026 Status Update: Ongoing
Goal 3 Objective 1, 2026 Status Update Description: The Mental Health Department continues to expand into school districts in Madison County. We are currently in the following school districts: Chittenango, Cazenovia, Hamilton, Morrisville, and Canastota. We will be implementing a satellite in Madison School District this summer. We serve approximately 600 students across the school satellites, and most of those are children who are new clients to us.

We have had discussions with a couple of the school districts about opening the clinics up to the broader community but those conversations are in the very early planning stages

Goal 3 Objective 2, 2026 Status Update: Ongoing
Goal 3 Objective 2, 2026 Status Update Description: We have had a few developments in this area over the last year. We are pleased to report that Helio's MMU has opened in the Spring of 2025. After several years of planning, we held a ground breaking event in March. The Madison County community has embraced the MMU, and we look forward to this continued partnership with Helio.

Goal 4
Goal 4, 2026 Status Update: Ongoing
Goal 4, 2026 Status Update Description: No updates - but we continue to discuss this in CNY and try to identify methods to intervene and help in this area.

Goal 4 Objective 1, 2026 Status Update: Complete
Goal 4 Objective 1, 2026 Status Update Description: Workforce Project did occur, and it was moderately attended by agencies. We believe agencies are stretched thin with lack of workforce, competing priorities, and funding issues. In CNY we continue to look for opportunities we might be helpful in this area.

Goal 4 Objective 2, 2026 Status Update: Not started
Goal 4 Objective 2, 2026 Status Update Description:

2027 Update to 2024-2027 Goals and Objectives
Madison County Mental Health Department

Teisha Cook, Director of Community Mental Health Services
(teisha.cook@madisoncounty.ny.gov)

Goal 1

Goal 1, 2027 Status Update: Ongoing
Goal 1, 2027 Status Update Description: A few of the contracts related to Opioid Housing Projects were completed last year. The contracts were impactful in terms of expanding housing, especially for families. Community Action Partnership is still in the implementation phase of their Tiny Homes project. They hope to have the homes ready to take referrals later in the summer. The plan is for Madison County SPOA to assist with the screening and referral process.

Another round of RFP's will be released at some point, date unknown.

Goal 1 Objective 1, 2027 Status Update: Ongoing
Goal 1 Objective 1, 2027 Status Update Description: As mentioned above, several successful partnerships have been established through the first round of RFP's and the county looks forward to new relationships in the future. As mentioned, the public health department has established a Housing Coalition, and DCS participates in that process.

Goal 1 Objective 2, 2027 Status Update: Ongoing
Goal 1 Objective 2, 2027 Status Update Description: No updates, other than a new RFP will be released at some point in the future.

Goal 2

Goal 2, 2027 Status Update: Ongoing
Goal 2, 2027 Status Update Description: Overall, progress has been made in this area during the last year. Madison County has partnered with the Oneida City Police Department to put a Mental Health Crisis Worker at their agency. This has gone extremely well, and people in the city of Oneida often access her services. Ultimately, the goal is to divert crisis and have an appropriate level of service for the police to refer to.
We are the recipients of the OMH CIT grant and we have recently participated in Sequential Intercept Mapping and look forward to implementing new processes over the coming year.

Goal 2 Objective 1, 2027 Status Update: Ongoing
Goal 2 Objective 1, 2027 Status Update Description: Madison County recently participated in Sequential Intercept Mapping with OMH related to the OMH CIT grant. We have received the final report and steering committee will be reviewing in order to identify next steps.

Goal 2 Objective 2, 2027 Status Update: Ongoing
Goal 2 Objective 2, 2027 Status Update Description: As mentioned above, the Oneida City Police Department has partnered with Madison County Mental Health in order to place a MH Crisis Worker at their department. The impact of this position was fairly immediate with individuals in the community seeking the crisis worker out to assist them with all types of problems and concerns. Much of what she does is work with individuals to divert crisis.
Additionally, we continue to work with 911 around diversion, and how to implement diversion efforts in a more intentional manner. We have started receiving data from 911 which will assist us in these efforts.

Goal 2 Objective 3, 2027 Status Update: Ongoing
Goal 2 Objective 3, 2027 Status Update Description: The Sheriff's Office and Emergency Management have started contacting our daytime crisis workers more than they did in the past and we will continue to work with them around additional opportunities. Both EM and the Sheriff's participated in the SIM event.

Goal 3

Goal 3, 2027 Status Update: Ongoing
Goal 3, 2027 Status Update Description: Overall, there have been a few new programs developed over the last year, and these increase access to behavioral health for individuals. These include: Helio Health's Mobile Medication Unit, Family and Children's Counseling Services CCBHC, 2 new school satellites operated by Madison County Mental Health Department, an Adult ACT team operated by Children's Home of Wyoming Conference.
In the next year, we hope that RSS's Youth ACT team will begin operation.

Goal 3 Objective 1, 2027 Status Update: Ongoing

Goal 3 Objective 1, 2027 Status Update Description: Madison County Mental Health Department has opened 2 satellite mental health clinics at schools in the last year. Deruyter School District has entered into a partnership with our department to have someone onsite 2 days a week, and Madison School District has one full time therapist. We are now in 7 school districts in the county, and we are open to exploring other partnerships as districts express interest.

Goal 3 Objective 2, 2027 Status Update: Ongoing
Goal 3 Objective 2, 2027 Status Update Description: Helio Health's MMU continues to take referrals and is located on the county campus. This program is a great opportunity for individuals who need MAT to receive services in their home county. Family and Children's Counseling Services has opened a CCBHC, and although they are still implementing the program, we anticipate that this will be a helpful addition to our community.

Goal 4
Goal 4, 2027 Status Update: Ongoing
Goal 4, 2027 Status Update Description: In 2025, the PROS program ceased operation in Madison County. Madison County Mental Health Department has worked steadily with OMH for assistance related to employment needs of the community. We currently have distributed a broad survey to ask the community what is needed related to workforce development, and specifically support for individuals who have behavioral health needs.

Goal 4 Objective 1, 2027 Status Update: Complete
Goal 4 Objective 1, 2027 Status Update Description:

Goal 4 Objective 2, 2027 Status Update: Ongoing
Goal 4 Objective 2, 2027 Status Update Description: Currently there is a survey distributed related to work site development and workforce needs for individuals with behavioral health concerns. We look forward to reviewing the results later this year.

Goal 5
Goal 5, 2027 Status Update: Not started
Goal 5, 2027 Status Update Description: Madison County recently participated in SIM Mapping with OMH and we anticipate that as a result of that process, we will have some new messaging and processes for the community.

Goal 5 Objective 1, 2027 Status Update: Not started
Goal 5 Objective 1, 2027 Status Update Description:
