Update to 2024-2027 Goals and Objectives Livingston County Community Services

Kristen Fisher, Director of Community Services
kfisher@co.livingston.ny.us

Goal 1

Title	Maximize the existing housing stock and identify additional housing resources to serve community members in need.	
Update	After the first year of implementing the Local Services Plan, Livingston County has taken measured steps toward addressing community needs. Recognizing that sustainable change requires time and persistence, this plan outlines our strategic goals, objectives, and progress in the areas of housing, workforce development, transportation, and behavioral health prevention.	
OBJECTIVES		
Optimize current housing utilization.		Ongoing
Monitor funding opportunities for housing projects.		Ongoing
Develop innovative housing solutions that address local needs.		Ongoing
OBJECTIVE UPDATES		
Progress: • Supportive Housing: Living Opportunities of DePaul secured 70 scattered-site supportive housing beds for the Western New York region, with 10 beds allocated to Livingston County. Lakeview Housing Services has been encouraged to pursue a scattered-site treatment apartment program that could add an additional five beds. • Project Development: A mixed-use, low-income housing project application has been submitted. • Challenges: There are ongoing issues aligning state RFP funding with the unique needs of mental health programming in a rural setting. Additionally, input from the Housing Task Force has highlighted the need for educational outreach to landlords to better support residents with behavioral health challenges. ew Initiatives: • Engage current landlords by offering support and education on the benefits of working with the local behavioral health population. • Identify and incentivize landlords willing to provide housing solutions for individuals in need.		

Goal 2

Title	Increase the availability of qualified professionals across all service sectors in the county.	
Update		
OBJECTIVES		
Collaborate with local agencies to promote job opportunities.		Ongoing
Develop innovative workforce solutions tailored to county needs.		Ongoing
Advocate for enhanced tuition reimbursement and revised credentialing practices.		Ongoing
OBJECTIVE UPDATES		
Progress: • Recruitment Challenges: Despite student loan assistance and incentive programs, critical positions such as psychiatrist roles remain unfilled. • Collaborative Strategies: Efforts have been made through job fairs and meetings with human service providers, including outreach to high school students and partnerships with local colleges and workforce development agencies, to build a robust local workforce. New Initiative: • Strengthen partnerships with county agencies (e.g., tourism, workforce development) and not-for-profit organizations to actively recruit psychiatric professionals and other key service providers.		

Goal 3

Title	Enhance existing transportation services and develop innovative, practical solutions to address current transportation challenges in the county.	
Update		
OBJECTIVES		
Establish a collaborative relationship with the Medicaid Answering Service to resolve transportation barriers.	Ongoing	
Partner with agencies that provide client transportation to broaden service reach.	Ongoing	
Develop creative solutions tailored to local transportation needs.	Ongoing	
OBJECTIVE UPDATES		
Progress: • Mobility Management: The introduction of Lifespan’s Here2There mobility management platform, supported by a county mobility manager, has begun to streamline access to transportation services. • Funding: OASAS Opioid Regional Abatement Dollars are being applied to subsidize transportation related to treatment and recovery services. • Partnerships: The county is actively working to engage additional partners and to reinforce relationships with the Medicaid Answering Service and local transit providers.		

Goal 4		
Title	Promote emotional literacy and regulation by fostering partnerships among service providers, community organizations, and public health agencies.	
Update		
OBJECTIVES		
Facilitate training on emotion recognition and regulation using evidence-based curricula.		Ongoing
Collaborate with prevention organizations to expand Mental Health First Aid, resiliency, and ACEs training, with particular focus on educational settings.		Ongoing
Utilize the Credible Mind platform to centralize community resources and streamline referrals to behavioral health services.		Ongoing
OBJECTIVE UPDATES		

Goal 5 (added 2025)		
Title	Enhance cross-system collaboration to better serve community members with complex needs.	
Update		
OBJECTIVES		
Work with the Public Health Department and primary care providers to integrate suicide prevention and harm reduction strategies into routine medical care.		Added
Initiate cross-training opportunities between state agencies (OMH/OPWDD) to improve responses to behavioral health challenges.		Added
Engage law enforcement, faith communities, and volunteer organizations to expand the network of support for behavioral health services.		Ongoing

Need Applies to: Both Youth and Adults

Do any of the Goals on the Goals and Objectives Form address this need? No

Need description (Optional): Livingston County had several state operated OPWDD homes closed over the past several years, and has not clarified plans to re-open. We do not have the full spectrum of residential services for mental health population, as we are missing TAP, CR and SRO. We have more individuals who could benefit from housing than we have beds to house them. We have an OASAS residential program, however are missing several steps along the OASAS continuum of care. We do not have higher levels of care available for the under 18 population, who are all sent outside of the county and away from natural supports for treatment. This need is addressed with the housing goals and objectives.

Need Applies to: Both Youth and Adults

Do any of the Goals on the Goals and Objectives Form address this need? No

Need description (Optional): Three quarters of the population has at least one Adverse Childhood Experience in their past. We know that higher ACE scores significantly increase the risk of several adverse experiences in adulthood, and so, our population is likely dealing with childhood trauma in addition to other issues. The effort to reduce ACEs is imperative across all systems and should be a community and system-wide effort. Livingston County is working with Genesee Valley Health Partnership (GVHP) to create a trauma-informed community through education and awareness. Over the next year, the committee will promote the Basics, an educational program aimed at parents of young children (ages 0-5). The platform provides concrete tips for connection, and is therefore a step toward reducing ACEs for the next generation. The LGU will monitor the program's success and re-evaluate for next year's LSP.
