 Certified: Roger Ambrose (8/8/18)

1. Overall Needs Assessment by Population (Required)

Please explain why or how the overall needs have changed and the results from those changes.

- a) Indicate how the level of unmet **mental health service needs**, in general, has changed over the past year: Improved Stayed the Same Worsened

Please Explain:

The focus of work over the past year has been to improve on children's services and access. A number have steps have been taken to achieve this including better community - school connections, short term respite availability, home based support services, and better county - wide collaboration. It is difficult at this time to determine the impact of these initiatives. Jefferson County continues to deal with the presence of Fort Drum and the consistent family disruption that a base of such magnitude can have on local services.

- b) Indicate how the level of unmet **substance use disorder (SUD) needs**, in general, has changed over the past year: Improved Stayed the Same Worsened

Please Explain:

The herion epidemic that is present across the state and the country has certainly taken its toll in Jefferson County. We have had the good fortune to add a Licensed OTP, now have MAT availability, a Recovery Center, and are increasing jail services availability with the help of new OASAS funding. to the community. We expect that these additions will have an immediate impact on the unmet need in Jefferson County in 2019.

- c) Indicate how the level of unmet needs of the **developmentally disabled** population, in general, has changed in the past year: Improved Stayed the Same Worsened

Please Explain:

That the state makes the majority of decisions in regards to the Developmentally Disabled in our community means that the changing landscape of services at this time is difficult to assess.

2b. Transportation - Background Information

Jefferson County is a large rural county with frequent weather problems that make it difficult for individuals seeking services to get to and from those locations. No viable system has been successful in alleviating this problem.

Do you have a Goal related to addressing this need? Yes No

Goal Statement- Is this Goal a priority goal (Maximum 5 Objectives per goal)? Yes No

Provide a consistent transportation service for Behavioral Health services in the county for rural areas.

Objective Statement

Objective 1: form a committee to review the possibility of a transportation network

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Change Over Past 12 Months (Optional)

2d. Workforce Recruitment and Retention (service system) - Background Information

Mental Hygiene workforce issues are not new to Jefferson County. Nearly 10 years ago we were able to bring Keuka College to the county to offer a BSW program. Shortly afterwards, The Rochester Collaborative (Nazereth and Brockport Colleges) began offering an MSW program. Both of these efforts have been successful but still has not filled the need. The Fort Drum Health Planning Organization also has provided recruitment efforts for Physicians, Nurses and other providers, but we continue to experience a shortage. Also, the county has seen less individuals working towards or receiving CASAC credentials for our CD providers. Fort Drum and NY State facilities, who have a significantly higher pay capability, often employ local staff once they have gotten initial training, supervision and credentials.

Do you have a Goal related to addressing this need? Yes No

Goal Statement- Is this Goal a priority goal (Maximum 5 Objectives per goal)? Yes No

Enhance recruitment and retention efforts for all disability areas for staffing, supervision and support.

Objective Statement

Objective 1: Meet with College officials to incorporate a Chemical Dependency course into the program

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Change Over Past 12 Months (Optional)

Jefferson Community College has incorporated a CASAC Track into it's Human Service Culliculum.

2g. Inpatient Treatment Services - Background Information

Jefferson County has experienced long wait times for children brought to the Emergency Room for serious Mental Health issues resulting in the need for hospitalization.

Do you have a Goal related to addressing this need? Yes No

If "No", Please discuss any challenges that have precluded the development of a goal (e.g. external barriers):
The emphasis for the past several years has been on strengthening community based services to avoid hospitalizations. The consideration of a children's unit during this time seemed contrary to that direction. The need could be easily established, but diversion programs have been the priority.

Change Over Past 12 Months (Optional)

The Therapeutic Crisis Respite Program is in it's infancy but hold spromise if funding is adequate.

3. Goals Based On State Initiatives

State Initiative	Applicable State Agenc(ies)
------------------	--------------------------------

OASAS OMH OPWDD

- a) Medicaid Redesign OASAS OMH OPWDD
- b) Delivery System Reform Incentive Payment (DSRIP) Program OASAS OMH OPWDD
- c) Regional Planning Consortiums (RPCs) OASAS OMH OPWDD
- d) NYS Department of Health Prevention Agenda OASAS OMH OPWDD

3a. Medicaid Redesign - Background Information

Medicaid redesign has been handled by teh Fort drum Regional Health Planning Organization in our area which has been an incredible resource. Agency Providers have worked hard to implement standards as they have surfaced but the complicated mature and the requirements have been daunting.

Do you have a Goal related to addressing this need? Yes No

Goal Statement- Is this Goal a priority goal? Yes No

Provide services in collaboration with Medical Community.

Objective Statement

Objective 1: Seek integration of Behavioral Health services in Primary Care programs.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Change Over Past 12 Months (Optional)

Over the past year Jefferson County has opened a number of integrated health and behavioral health systems. These sites have identified pateints that in the past would not have been introduced to the care they needed until the problems were likely much more acute.

3b. Delivery System Reform Incentive Payment (DSRIP) Program - Background Information

Integration of Behavioral Health and Primary care is one of the major goals of our DRRIP program.

Do you have a Goal related to addressing this need? Yes No

Goal Statement- Is this Goal a priority goal? Yes No

Provide services in collaboration with Medical Community

Objective Statement

Objective 1: Submit PAR applications for integrated services

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Objective 2: Provide training for Primary Care MD's in the area of Behavioral Health collaboration.

Applicable State Agency: (check all that apply): OASAS OMH OPWDD

Change Over Past 12 Months (Optional)

A number of applications have been submitted and most have been approved to provide Behavioral Health care in Primary Care locations.

 Certified: Roger Ambrose (8/1/18)

1. To the extent known and available, please rate the level of difficulty faced by licensed mental health (Article 31) clinic treatment providers in your county for recruiting and retaining the following professional titles. Rank 1 as not difficult at all, and 5 as very difficult. This judgment should be made for clinic programs county-wide, when there is more than one clinic. If the title does not apply, or you are unable to make a determination, select "n/a". This should only apply for staff positions that are available to fill; not unfunded positions.

2019 Mental Hygiene Local Planning Assurance
Jefferson County Comm. Services Board (70380)
Certified: Roger Ambrose (7/30/18)

Pursuant to Article 41 of the Mental Hygiene Law, we assure and certify that:

Representatives of facilities of the offices of the department; directors of district developmental services offices; directors of hospital-based mental health services; directors of community mental health centers, voluntary agencies; persons and families who receive services and advocates; other providers of services have been formally invited to participate in, and provide information for, the local planning process relative to the development of the Local Services Plan;

The Community Services Board and the Subcommittees for Alcoholism and Substance Abuse, Mental Health, and Developmental Disabilities have provided advice to the Director of Community Services and have participated in the development of the Local Services Plan. The full Board and the Subcommittees have had an opportunity to review and comment on the contents of the plan and have received the completed document. Any disputes which may have arisen, as part of the local planning process regarding elements of the plan, have been or will be addressed in accordance with procedures outlined in Mental Hygiene Law Section 41.16(c);

The Community Services Board and the Subcommittees for Alcoholism and Substance Abuse, Mental Health, and Developmental Disabilities meet regularly during the year, and the Board has established bylaws for its operation, has defined the number of officers and members that will comprise a quorum, and has membership which is broadly representative of the age, sex, race, and other ethnic characteristics of the area served. The Board has established procedures to ensure that all meetings are conducted in accordance with the Open Meetings Law, which requires that meetings of public bodies be open to the general public, that advance public notice of meetings be given, and that minutes be taken of all meetings and be available to the public.

OASAS, OMH and OPWDD accept the certified 2019 Local Services Planning Assurance form in the Online County Planning System as the official LGU assurance that the above conditions have been met for the 2019 Local Services planning process.
